

Terms and Conditions of Sale

1. OFFERS; ENTIRE AGREEMENT. These Terms and Conditions of Sale shall apply to all offers made by ITT Enidine, Inc. ("Seller"), in any medium, for Seller's offered products or services ("Products"). Any purchase order or similar instrument placed by a Buyer that is accepted by Seller ("Order") is expressly conditioned upon full applicability of these Terms and Conditions of Sale, to the exclusion of any other terms and conditions, including, but not limited to, any standard terms and conditions of Buyer or any terms stated on an Order. Buyer's unconditional acceptance of these Terms and Conditions of Sale shall be inferred by Buyer's issuance of an Order. Issuance of an Order acknowledgement or provision of Products by Seller shall not constitute acceptance of any of Buyer's terms and conditions. Regardless of whether these Terms and Conditions are referenced in an Order, all Orders accepted by Seller shall be governed by these Terms and Conditions of Sale and shall constitute the entire agreement of the parties. These Terms and Conditions of Sale supersede any prior written or oral agreements or understandings and shall not be supplemented by any prior course of dealing, course of performance or usage of trade. No modification hereof shall be valid unless in writing and duly signed by a person authorized by Seller.

2. PRICES. Prices quoted by Seller are for specific quantities stated and are firm for 90 days or until the end of the calendar year, whichever is less. Quoted prices are based on known requirements at the time of offer, and assumes that supplies of shipping capacity; components, resins, metals and other materials; and fuels, and other energy supplies will continue to be available at not less than present levels and current prices, and that ITT and its subcontractors, suppliers, and transporters will continue to have unimpeded use of their facilities and equipment. Any significant reduction in the availability or change affecting the price of any of the foregoing as a result of any situation whether resulting from here or abroad, shall render the prices and delivery schedules of this Order subject to adjustment, so as to reflect the impact thereof. All other prices are subject to change without notice. Any adjustments shall be made to Seller's prices in effect at time of Order placement. Prices are exclusive of any taxes and do not include charges for transportation or any special requirements related to transportation, special packaging or marking, testing, reports or inspection.

3. SHIPMENT. Shipping terms are Ex Works-Seller's Facility (INCOTERMS 2010 EXW) unless otherwise specified. Risk of loss and title for Products shall transfer when Products are made available for Buyer to collect. In the absence of specific instructions, Seller will select the carrier. Products held for Buyer, or stored for Buyer, shall be at the sole risk and expense of Buyer.

4. PAYMENT TERMS. Advance payment is required until Buyer has received credit approval from Seller. Upon credit approval, payment terms are net 30 days from date of invoice. Seller reserves the right to require payment in advance or COD or otherwise modify credit terms at any time. No prompt payment discounts shall apply to any Order. Seller reserves the right to refuse shipment or delivery or performance of work except upon receipt of payment or satisfactory credit terms without any liability to Seller. For partial shipments, payments shall become due in accordance with the designated terms of the invoice. Where Buyer requests postponement of any shipment for more than thirty (30) calendar days, payment will become due thirty (30) calendar days after notice to Buyer that Products are ready

for shipment. All payments shall be made using wire transfer in United States Dollars (USD).

5. TAXES. Unless prohibited by statute, Buyer agrees to pay Seller the amount of any Federal, State, City, or other tax import or export duty, tariff, or customs charge levied by any jurisdiction either inside or outside the United States which Seller may be required to pay on account of the ownership at the place of installation, or the manufacture, transportation, sale, or use of the material and equipment which is the subject of this contract. If Buyer provides Seller with a tax exemption certificate approved by the applicable taxing authority, Seller agrees to exclude any such exempted taxes from its invoice.

6. DELIVERY; BUYER-CAUSED DELAYS. Delivery dates are approximate and are based on timely receipt of all necessary material and/or information from Buyer, where applicable. Seller will notify Buyer if conditions arise that would prevent compliance with delivery schedules. Seller shall not be liable for any damages (liquidated or otherwise), re-procurement costs or lost profits for delay in delivery or for failure to give notice of delay. Buyer shall not suspend or cancel any Order, except where in accordance with these terms or where expressly agreed to by Seller. Unless Buyer explicitly prohibits advance delivery, Buyer agrees to accept delivery up to thirty (30) days in advance.

Any Buyer request to change the delivery date within thirty (30) days of the delivery date shall not be considered revised unless specifically granted in writing by Seller. Any Buyer request to change the delivery date by more than thirty (30) days from the delivery date but less than the lead time may be subject to charges by the Seller, including but not limited to, material carrying costs, Seller's Supplier penalties, additional Supplier cost, etc. Furthermore, any request by Buyer for a stop work order shall not exceed sixty (60) days.

7. FORCE MAJEURE. Without limiting the generality of Seller's limitation of liability for delivery as set forth in Sections 6 and 11, under no circumstances shall Seller be responsible for delays in performance arising from causes that are beyond its control and without Seller's fault or negligence ("Force Majeure Event"). Examples of such Force Majeure Events include, but are not limited to, fires, floods, earthquakes, quarantine restrictions, riots, strikes, freight embargoes, or transportation delays; shortage of labor, failure to obtain export licenses, inability to secure fuel, material, supplies or power or other energy requirements or on account of shortages thereof; or any existing or future laws or acts of God or of the public enemy, acts of Buyer; any existing or future acts of any government affecting the conduct of Seller's business which Seller in its judgment and discretion deems advisable to comply with either as a legal or patriotic duty, or to any other cause beyond Seller's reasonable control. Seller shall advise Buyer of a Force Majeure Event as soon as is possible in light of its type and degree. In the event ITT is prevented from completing any part of Buyer's Order, because of any rule, regulation or order of any local, state or national government, or of any such government's commission, body, or authority having jurisdiction, then Buyer agrees, upon request and receipt of invoice therefor, to promptly remit to ITT, for any product or products which are completed or are in process, an amount proportionate to the stage of completion of the work as reasonably determined by ITT.

8. INSPECTION AND ACCEPTANCE. Buyer will conduct prompt inspection of all delivered Products and will immediately notify Seller of an identified non-conformance. All Products shall be deemed accepted by Buyer unless Seller receives written notice of rejection within thirty (30) calendar days from date of shipment. Whenever Seller agrees to Buyer-conducted source inspection, Products shall be accepted or rejected by Buyer prior to shipment. Seller shall be given a reasonable amount of time to review any non-conformances identified by Buyer. Payment of any invoice for Products shall be interpreted as acceptance of the Products referred to in the invoice. Buyer will be responsible for all costs incurred by Seller attributed to any rejection that Seller reasonably determines as improper. If Seller confirms the asserted non-conformance, Seller agrees to repair or replace the Products, at Seller's sole discretion. Buyer's remedies under this Section 8 are exclusive and lieu of all other remedies available under these Terms and Conditions or at law related to rejected Products.

Buyer's notice must identify the specific product subject to warranty claim and the nature of the discovered defect. No product will be accepted for return or replacement without written acknowledgement and authorization of Seller. Upon such authorization, and in accordance with Seller's packing and shipping instructions, the product will be returned with transportation and insurance fully prepaid by Buyer.

10. CANCELLATION. Buyer may cancel an Order wholly or partially by written notice which must be received by Seller prior to the scheduled delivery date. For any such cancellation, Buyer shall (a) reimburse Seller in full for all direct and indirect costs, settlements with suppliers, and administrative, accounting, and legal costs and fees associated with such cancellation and (b) pay the appropriate cancellation charges set forth in this Section 10. Seller will notify

BUYER AND SELLER AGREE THAT IN NO EVENT WILL SELLER BE LIABLE FOR ANY AMOUNT IN EXCESS OF THE CONTRACT PRICE OF THE PRODUCT GIVING RISE TO THE LIABILITY. THE REMEDIES PROVIDED FOR HEREIN SHALL CONSTITUTE THE SOLE RECOURSE OF BUYER AGAINST SELLER FOR ANY ALLEGED BREACH OF SELLER'S OBLIGATIONS UNDER THE CONTRACT WITH BUYER, WHETHER SUCH CLAIM IS MADE IN TORT OR IN CONTRACT, INCLUDING CLAIMS BASED ON WARRANTY, NEGLIGENCE OR OTHERWISE.

13. DEFAULT. If Buyer breaches a material provision of the Order, including any provision of these Terms and Conditions, then Seller has the right to terminate the Order. In the event Buyer attempts to terminate or cancel its Order, in whole or in part, where cancellation is not for the convenience of the Government, this shall constitute a breach of contract unless written consent to such termination or cancellation is obtained by Buyer from Seller. In any event, the prices of all Product(s) delivered and all Product(s) finished but not yet delivered will be adjusted upward to the applicable quantity break, if any, for the lower quantities.
